PROJECTS

- AI-Powered Resume Builder** (*Express.js, MySQL, jQuery, Gemini AI, JWT, Joi, Regex*) [\[GitHub\]](#) 2025
- Designed and implemented a secure, AI-assisted resume builder integrating **Gemini AI** for personalized content suggestions using **Express.js** and **MySQL**.
 - Established robust user authentication using **JWT**, enforced data integrity with **Joi** and **Regex** validations, and enabled smooth frontend-backend communication via **Axios**.
- E-commerce Web Application** (*React.js, Node.js, Express.js, MySQL, Axios, JWT*) [\[GitHub\]](#) 2025
- Developed a full-stack e-commerce platform with dynamic routing, **Redux Legacy** for state management, and user-specific shopping carts supporting add, delete, and quantity modification.
 - Engineered RESTful APIs with **Node.js** and **Express.js** for secure CRUD operations, implementing **JWT** and **localStorage** for auth, **MySQL** for persistence, and **Axios** for communication.
- Blog Web Application** (*React.js, Node.js, Express.js, MySQL, Axios, JWT*) [\[GitHub\]](#) 2025
- Developed a full-stack blog platform using **React**, featuring secure **JWT** auth with **localStorage** and core functionalities (blog CRUD, image uploads, commenting).
 - Implemented a responsive, interactive blogging experience by integrating the frontend with a **Node.js/Express** backend and **MySQL** database for efficient data persistence.

INTERNSHIP

Computer Networking Intern at JAMIA MILLIA ISLAMIA Duration: 1 Month (e.g., June 2024 – July 2024)
Gained practical exposure to computer network setup, IP addressing, and troubleshooting. Worked with basic network devices such as routers and switches, and understood LAN/WAN configurations and network security fundamentals.

EDUCATION

JAMIA MILLIA ISLAMIA University	2022 – 2025
Electronics and Communication Engineering	CGPA: 6.4/10
